

FRIENDS SPACE

What is the Friends Space?

The Friends Space is the physical manifestation of the Friends of Friends online platform. Aiming to facilitate forward-thinking ideas, whether they be artistic or Corporate, the Friends Space is the perfect location for hosting a wide variety of events.

What are the possibilities?

From intimate concerts to Michelin star-worthy dinners, movie screenings and creative workshops to panel discussions, exhibitions as well as photo- and video productions, we have hosted a wide range of successful events. We are able to fully support with event management and event conceptualization or just rent out the space as it is. With our in-house production agency, we digitally implement and distribute non-physical event scenarios and content formats such as: live streamings, viewing rooms, digital environments and 360 webinars - rethinking and adapting classic event production and mixing online with tangible offline experiences in our spaces.

We create and execute an individual, strict hygiene plan for each production in accordance with the official SARS-CoV-2-infection control regulations, which can include rapid on-site testing if requested.

Our services in a nutshell:

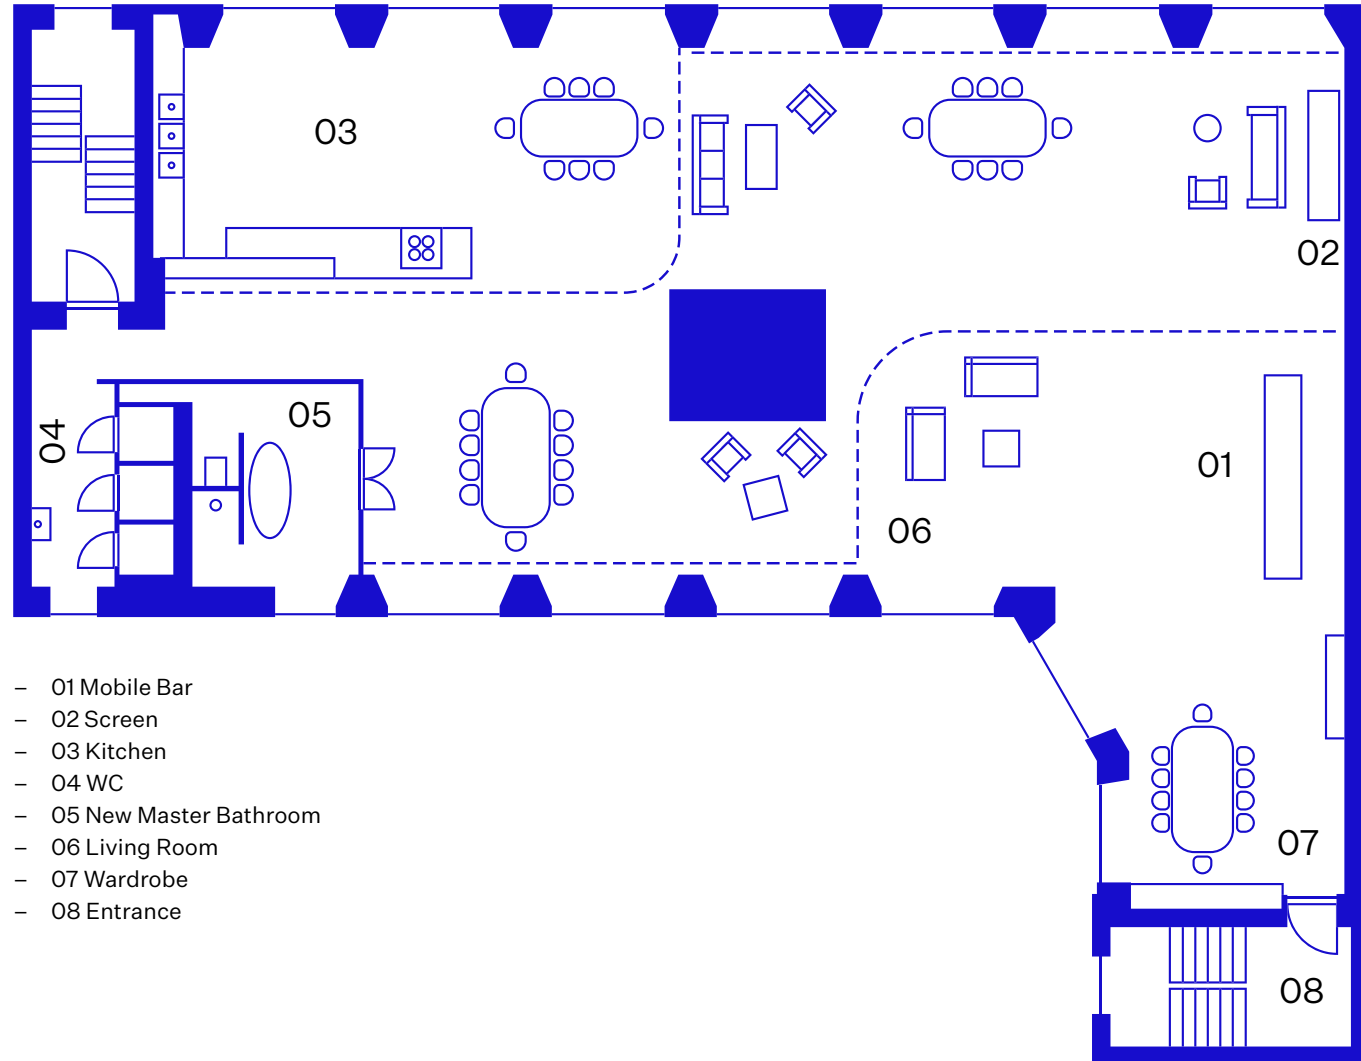

- Event Conceptualization
- Event Planning
- Event Execution
- Events in off locations
- Digital live streaming
- Viewing rooms
- 360 webinars

The Friends Space Kitchen

The Friends Space kitchen is a collaborative work between Siemens Home Appliances and Friends of Friends. The innovative open design, cutting-edge materials and construction, coupled with state of the art home technology and devices, allows for multiple scenarios including film and photography productions, dinner presentations and cooking classes.

The Friends Apartment

The FF Apartment in Berlin-Mitte is a physical expression of our online publication – a multi-faceted space for friends and partners to gather and express their creativity. Designed together with our partners Vitra and Magis, it has a total size of 115 sqm divided in two units with separate entrances and provides 2 bedrooms, 1 living room, 2 bathrooms and 1 kitchen.

What is Friends of Friends?

Friends of Friends is an international community, production studio and publishing platform dedicated to creativity and inspiration.
